ROLLING STOCK REPAIRS AND MAINTENANCE DEPARTMENT conducts periodical inspections as well as accident and failure repairs of the rolling stock in-house – all works are conducted in compliance with the requirements of the Maintenance System Documentation (MSD) and the binding railway regulations, included:

The repair and maintenance stations are located in the inspection and repair hall equipped with:

- workshops
- two inspection pits
- two repair pits
- two sets of Kutruff lifting jacks
- craneways controlled from the workshop level
- an under floor wheel late TUP650SH
- platforms for servicing vehicles

INFRASTRUCTURE DEPARTMENT tasks:

- Maintenance of the **railway road**.
- Ongoing maintenance and repair of the **traction network**.
- Maintenance of the **power supply system** - two traction substations and a sectional cabin.
- Repair and operation of **platform lighting** along with the **electrical infrastructure** of the WKD facilities.
- **Supervision over telephone communication, radio communication** as well as the **passenger information and monitoring system**.

Warsaw Commuter Railway offers **free ticket** on WKD trains for students during internships.

We require using **polish language**.
