

Timetable, SiMR Faculty												Acad. year 2025/2026																																			
II year of study												3-st semester (winter)												Full-time study																							
												2.1 Electric and Hybrid Vehicle Engineering																								2.1 Electric and Hybrid Vehicle Engineering											
MONDAY	8:15 - 9:00			Theoretical Mechanics II (lecture) room 1.10																																											
	9:15 - 10:00																																														
	10:15 - 11:00									Electrical Engineering and Electronics II (laboratory) II ps. Room 006						Strength of Materials I (Exercises) room 2.19																															
	11:15 - 12:00																																														
	12:15 - 13:00			Ionics and Photovoltaics (lecture) room multimedialna															Foreign Language room 3.8																												
	13:15 - 14:00																																														
	14:15 - 15:00																																														
	15:15 - 16:00			Ionics and Photovoltaics (laboratory) I ps. Faculty of Mechatronics room 331												Physical Education and Sport																															
	16:15 - 17:00																																														
	17:15 - 18:00																																														
	18:15 - 19:00																																														
	19:15 - 20:00																																														
												2.1 Electric and Hybrid Vehicle Engineering																								2.1 Electric and Hybrid Vehicle Engineering											
TUESDAY	8:15 - 9:00			Theory of Machines and Automatic Control (lecture) - room 3.8																																											
	9:15 - 10:00																																														
	10:15 - 11:00			Introduction to Mechatronics (lecture) I ps room 2.1						Introduction to Mechatronics (laboratory) II ps. room 1.2 /3.2						Electrical Engineering and Electronics II - (lecture) I ps. room 3.8																															
	11:15 - 12:00																																														
	12:15 - 13:00			Foreign Language room 2.4b															Strength of Materials I (lecture) room 3.8																												
	13:15 - 14:00																																														
	14:15 - 15:00																																														
	15:15 - 16:00																																														
	16:15 - 17:00																																														
	17:15 - 18:00																																														
	18:15 - 19:00																																														
	19:15 - 20:00																																														
												2.1 Electric and Hybrid Vehicle Engineering																																			
WEDNESDAY	8:15 - 9:00																		I ps. - first half of the semester II ps. - second half of the semester																												
	9:15 - 10:00			Advanced Geometry Modelling I ps. room 4.3																																											
	10:15 - 11:00																																														
	11:15 - 12:00			Metrology and Interchangeability (lecture) semester room 1.10																																											
	12:15 - 13:00			Theoretical Mechanics II (exercises) room 2.4B																																											
	13:15 - 14:00																																														
	14:15 - 15:00			Metrology and Interchangeability (Exercises) room 2.19																																											
	15:15 - 16:00									Theory of Machines and Automatic Control (Project) II ps. room 3.6																																					
	16:15 - 17:00																																														
	17:15 - 18:00																																														
	18:15 - 19:00																																														
	19:15 - 20:00
